The page loads, but its baby room pins are drawn by an interactive map script that a plain page fetch cannot read, confirmed again on 28 October 2026. The landmark list used in this guide (near Food Court, Gourmet Emporium, Fashion Avenue, Couture Pavilion, Connection, Department Store, Bookstore, and several Pavilion Elite zones) is carried from our own facilities listing, last independently checked 19 October 2026; no floor numbers are published there either.
